

## ARTEMIS AND CORAL CABLES 2024

Product	Retail
<p><b>ARTEMIS Line Cable RCA:</b> Reference interconnection line, LIMITED EDITION Pure copper conductors realized by our specification Custom Cryogenic treatment of wires and proprietary internal geometry High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric High degree of insulation RFI / EMI with a different layers of non-magnetic shielding Exclusive and proprietary RCA plugs realized in pure copper and PTFE. The our Rca caps is realized in non-magnetic stainless steel R.303</p> <p><b>1,20 m</b> <b>Extra 0.50 m</b></p>	<p><b>4.320,00</b></p> <p><b>750,00</b></p>
<p><b>ARTEMIS Line Cable XLR:</b> Reference interconnection line, LIMITED EDITION Pure copper conductors realized by our specification Custom Cryogenic treatment of wires and proprietary internal geometry High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric High degree of insulation RFI / EMI with a different layers of non-magnetic shielding Exclusive and proprietary RCA plugs realized in pure copper and PTFE. The our Rca caps is realized in non-magnetic stainless steel R.303</p> <p><b>1,20 m</b> <b>Extra 0.50 m</b></p>	<p><b>5.050,00</b></p> <p><b>1.050,00</b></p>

<p><b>ARTEMIS Phono Cable:</b> Reference interconnection phono, LIMITED EDITION Pure copper conductors realized by our specification Custom Cryogenic treatment of wires and proprietary internal geometry High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric High degree of insulation RFI / EMI with a different layers of non-magnetic shielding Exclusive and proprietary RCA, XLR and DIN plugs realized in pure copper and PTFE. Separate ground signal for each channel</p>	<p><b>5.050,00</b></p>
<p><b>1,20 m</b> <b>Extra 0.50 m</b></p>	<p><b>1.050,00</b></p>
<p><b>ARTEMIS Power Cord LINE:</b> Reference power cord, LIMITED EDITION Copper conductors realized by our specification Custom Cryogenic treatment of wires Optimized resonances of conductors High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric Extreme insulation RFI / EMI with a different interposition of layers of non-magnetic shielding Exclusive and proprietary pure copper plug with rhodium-platinum finish exclusive non-magnetic stainless steel R.303</p>	<p><b>3.300,00</b></p>
<p><b>1,80 m</b> <b>Extra 0.90 m</b></p>	<p><b>600,00</b></p>
<p><b>ARTEMIS Power Cord AMP:</b> Reference power cord, LIMITED EDITION Copper conductors realized by our specification Custom Cryogenic treatment of wires Optimized resonances of conductors High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric Extreme insulation RFI / EMI with a different interposition of layers of non-magnetic shielding Exclusive and proprietary pure copper plug with rhodium-platinum finish exclusive non-magnetic stainless steel R.303</p>	<p><b>4.350,00</b></p>
<p><b>1,80 m</b> <b>Extra 0.90 m</b></p>	<p><b>900,00</b></p>

<p><b>ARTEMIS Digital Cable S/PDIF:</b> Reference interconnection line, LIMITED EDITION Pure copper conductors realized by our specification Custom Cryogenic treatment of wires and proprietary internal geometry High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric High degree of insulation RFI / EMI with a different layers of non-magnetic shielding Exclusive and proprietary RCA plug for 75 Ohm realized in pure copper and PTFE. Impedance 75 Ohm for S/PDIF cable</p>	<p><b>2.760,00</b></p>
<p>1,20 m Extra 0.50 m</p>	<p><b>600,00</b></p>
<p><b>ARTEMIS Digital Cable AES/EBU:</b> Reference interconnection line, LIMITED EDITION Pure copper conductors realized by our specification Custom Cryogenic treatment of wires and proprietary internal geometry High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric High degree of insulation RFI / EMI with a different layers of non-magnetic shielding Exclusive and proprietary XLR plug for 110 Ohm realized in pure copper and PTFE. Impedance 110 Ohm for S/PDIF cable</p>	<p><b>3.150,00</b></p>
<p>1,20 m Extra 0.50 m</p>	<p><b>750,00</b></p>
<p><b>ARTEMIS Speaker Cable:</b> Speakers interconnections, LIMITED EDITION Copper conductors realized by our specification Custom Cryogenic treatment of wires High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric High degree of insulation RFI / EMI with a different layers of non-magnetic shielding Exclusive spades plug realized in pure copper with pure silver or rhodium high grade of treatment (around 10 micron) Is possible realize custom speaker cables for multi wire system</p>	<p><b>7.080,00</b></p>
<p>2.50 meter for extra +0.50 meter Vyda bi-wiring system consist in another separate cable</p>	<p><b>1.200,00</b></p>

<p><b>ARTEMIS Jumper Speaker Cable</b> Copper conductors realized by our specification Custom Cryogenic treatment of wires High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric High degree of insulation RFI / EMI with a different layers of non-magnetic shielding Exclusive spades and banana plugs realized in pure copper with pure silver or rhodium high grade of treatment (around 10 micron)</p>	<p><b>990,00</b></p>
<p>0,25 m</p>	
<p><b>ARTEMIS Speaker Cable Reference:</b> Speakers interconnections, LIMITED EDITION Copper conductors realized by our specification Each polarity of the cable is located in its own isolated cord The Orion Reference Speaker Cord consist in four single cord Custom Cryogenic treatment of wires High degree of insulation RFI / EMI with a non-magnetic shielding High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric Exclusive Spades plug realized in pure copper with pure silver or rhodium high grade of treatment (around 10 micron) Is possible realize custom speaker cables for multi wire system</p>	<p><b>9.480,00</b></p>
<p>2.50 meter</p>	
<p>for extra +0.50 meter Vyda bi-wiring system consist in another separate cable</p>	<p><b>1.350,00</b></p>
<p><b>KORAL Power Cord LINE:</b> Reference power cord, LIMITED EDITION Conductors made from a fusion alloy between silver and copper realized by our specification Custom Cryogenic treatment of wires Optimized resonances of conductors High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric Extreme insulation RFI / EMI with a different interposition of layers of non-magnetic shielding Exclusive and proprietary pure copper plug with rhodium-platinum finish exclusive non-magnetic stainless steel R.303</p>	<p><b>5.280,00</b></p>
<p><b>1,80 m</b></p>	
<p><b>Extra 0.90 m</b></p>	<p><b>1.100,00</b></p>

<p><b>KORAL Power Cord AMP:</b> Reference power cord, LIMITED EDITION Conductors made from a fusion alloy between silver and copper realized by our specification Custom Cryogenic treatment of wires Optimized resonances of conductors High level of mechanical insulation of the wires and pure natural cotton is used like a dielectric Extreme insulation RFI / EMI with a different interposition of layers of non-magnetic shielding Exclusive and proprietary pure copper plug with rhodium-platinum finish exclusive non-magnetic stainless steel R.303</p>	<p><b>6.250,00</b></p>
<p><b>1,80 m</b> <b>Extra 0.90 m</b></p>	<p><b>1.350,00</b></p>
